STANFORD, KY. FRIDAY, JULY 15, 1904, 8 A M

NO. 40

KINGSVILLE.

We have had many lovely rains and crops are doing fine.

Mrs. Daniel Lester is with friends in Cincinnati this week.

School opened here Monday and we think it deplorable that our children are suffered to attend during the warmest months of the year. People should take more interest in the matter and see that the school opens at the proper season.

Mrs. Wallace Walter spent last week in your city. Miss Angie McKee is at home after a visit to Cynthia and the World's Fair. She was accompanied by her niece, Miss Lydia McKee, Rev. and Mrs. O. M. Huey, of your city, spent Tuesday with J. L. Johnson and family. Miss Edna Carey is down from Lexington to visit her mother.

Mr. and Mrs. W. P. Campher, of Lexington, are spending this week in our little city. C. Laugh Evans, of Junction City, was here Sunday as the guest of the Misses Johnson. James W. Hodges, of Lexington, was in our midst last week. J. Howe, of Harriman, Tenn., spent a few days with his parents recently. Mrs. W. A. Wallace is spending a week with her husband's parents in Nicholasville.

The fourth was pleasantly spent by a merry party at the home of Postmaster J. L. Johnson. The guests present from a distance were: Misses Eunice W. and Frances Willard Johnson, of Verona, Geraldine Moore, of Big Bone Springs, Mrs. James Ivy and son, of Jellico, Tenn.; James W. Hodges, of Lexington, and J. Howe, of Harriman, Tenn. Music and games were in order and the dinner was a very enjoyable feature.

WAYNESBURG.

Crops are looking fine.

Boro to the wife of Ashford Johnson, a boy.

Master Brackley Gooch, of Somerset, is with Oliver Ballard.

The trustees of the town have secured Mrs. Cochran, of Stanford, as teacher. The school will begin July 1st. We give her a hearty welcome and wish her success.

Molan Gooch has returned to Fincastle after spending a few days with relatives. Mrs. Ora Williams began school at Gosbee Monday. She will be missed by the community. A. B. Hubble has opened his school at Green Briar.

R. Y. Ballard has bought of John Heath his farm. The latter will move to Somerset. Mrs. J. M. Reynolds and Miss Nettie Johnson have been visiting Mrs. Hall at Stanford. Dr. Singleton will move to McKinney to practice his profession.

The ladies of the Waynesburg church are going to give an ice cream supper on Saturday, July 23. An enjoyable program will be rendered and H. H. Singleton will have his soda fountain in operation. The proceeds will go toward buying a carpet. A good time is expected. Everybody invited.

PREACHERSVILLE.

J. M. Cross sold a bunch of lambs to Eph Woods at 5c. D. M. Anderson bought of Ben Bennett a pair of mules for \$200.

Rev. Cheatham could not come as had been announced, and Rev. Jordan is going on with the protracted meeting at the M. E. church, doing excellent preaching. His subject Sunday evening was handled in a masterly way. Good crowds attend each service.

Miss Lizzie Pettus is teaching our school and the patrons are delighted, as she is one of the best teachers in the State. Miss Ida Holtzclaw, of Gilberts Creek, is visiting at D. M. Anderson's. Mrs. H. G. Cummins is indisposed. Joseph Pettus, of Springfield, was with the homefolks. J. M. Cross and wife visited in Rockcastle last week. Miss Mary Thompson visited J. H. Thompson. D. M. Good Work For Fairview.

HARRODSBURG, JULY 12.—Just one year ago the 8th of next month, the District Board employed the writer to hold a series of meetings at Fairview church, Letcher county, better known as Halls Gap. The church had had no preaching for about two years and had been pastorless for a much longer time. The meetings resulted in a revival and 15 new members were added. Since that time the writer has supplied them monthly, giving them three sermons a month. They have paid their supply every month, bought a new organ, fenced in the church yard and are painting the church inside and out. They have fixed the time for the protracted meeting to begin the 13th of next month, to be conducted by the pastor. We hope for a great meeting. This is the church that was built through influence of Miss Mamie Carter, who is now Mrs. Peter Straub, of Stanford, and still an active member of that church.

Yours respectfully,

J. I. WILLS.

Cured of Chronic Diarrhoea After Ten Years of Suffering

"I wish to say a few words in praise of Chamberlain's Colic, Cholera and Diarrhoea Remedy," says Mrs. Mattie Burge, of Martinsville, Va. "I suffered from chronic diarrhoea for 10 years and during that time tried various medicines without obtaining any permanent relief. Last summer one of my children was taken with cholera morbus, and I procured a bottle of this remedy. Only two doses were required to give her entire relief. I then decided to try the medicine myself, and did not use all of one bottle before I was well and I have never since been troubled with that complaint. One cannot say too much in favor of that wonderful medicine." This remedy is for sale by all druggists.

From reports received from county assessors Commissioner of Agriculture Vreeland has made a compilation showing the acreage of tobacco in Kentucky for the year 1903 to be 243,420 and the estimated pounds of the crop to be 104,883,321, showing an increase of over 3,000,000 pounds over the year 1902.

APPELLATE COURT CONVENTION.

The democrats of this part of the Fifth Appellate district should not forget that mass conventions of the party will be held at the county seats of the several counties comprising the district, on Tuesday, August 2, 1904, to appoint delegates to the district convention which will be held at Lexington on Thursday, Aug. 4th, to nominate a candidate for judge of the court of appeals. Remember the time—Tuesday, August 2nd, at 1 o'clock P. M. Place, court house.

COMMENTING on Senator James B. McCreary and his work at the St. Louis convention, the Louisville Times says:

Good judgment, fidelity to duty and honesty and loyalty characterized the service of United States Senator James B. McCreary as a delegate at-large to the St. Louis convention.

Kentuckians who have watched his career in the House of Representatives, more recently in the Senate and his services impartially affairs in the State express the opinion that he is the foremost democrat of the Commonwealth and is the most capable representative of the State's best citizenship.

It has been charged by Senator McCreary's enemies that he is slow to make up his mind about public policies and party matters. His friends reply that that is true, but after he does reach a conclusion he can not be shaken from it. He first decides in his own mind the best thing to do and then does it. He does not undergo the lightning like changes that so many other day politicians have a habit of doing.

When Senator McCreary went to St. Louis he made the motion in the Kentucky delegation instructing the delegates to vote for Parker. With this done he stood by Parker and when others were trying to get the delegates to violate their instructions no one had any doubt about the Senator's position.

He served on the committee on permanent organization and attended the meetings of the committee regularly and faithfully.

He voted for the majority report of the committee on credentials which recommended the seating of the regularly elected and duly accredited delegates from Illinois. He took the position that the Bryan-Harrison men who had bolted the Springfield convention and had not even gone through the forms of holding a separate convention should not be recognized. However,

Gov. Beckham and Mr. James, handling the majority, voted Kentucky for the Bryan-Harrison men. This gave the Parkerites a terrific shock and they wanted to know why Kentucky should have gone on record for the recognition of a bolting delegation.

When Mr. James tried to pull Kentucky away from Parker no one stood his ground any firmer than Senator McCreary.

On the vote as to whether the telegram should be sent to Judge Parker, telling him that his views on the money question were no bar to his acceptance of the nomination, Senator McCreary voted to send the telegram. Mr. James voted against it. Gov. Beckham was a member of the resolutions committee, and before it would be improper for him to vote. Senator Blackburn, although a delegate-at-large, was not in the convention, and had not been on the floor for some time. He was in Louisville when the vote was taken. Senator McCreary was there and voted on every proposition that came before the delegation and the convention as a whole. Therefore, in the view of the Senator's faithful public services, the people of the State naturally regard him highly and recognize his ability.

To our observation, not in years has this grand old appellate district had the opportunity presented to it to name a jurist who would reflect credit upon it, the bench and the Commonwealth alike, more than now. Lincoln county presents the name of Judge Micah Chrisman Saulley, a man of apostolic character, the highest integrity, honest of purpose, capable and fair with all men. He is fitted in every way for the exalted position, having served upon the bench in this judicial district for 11 years and made the district a most excellent official. He is the possessor of a strong mind, scholarly in the law, conciliatory in his opinions, to the point always and an orator of exceptional ability. From all over the district the most encouraging reports come in and we hope and believe he will be made the nominee of his party. Not one laurel would we pluck from his worthy opponents' brows, but to our

mind what the "court of last resort" needs most is a strong, active jurist, ripe with experience in the law and one who can rapidly and accurately dispense with the large number of cases that have accumulated upon the docket in recent years.

THE editor of this paper is taking in the World's Fair this week and the office force is in charge of the I. J. to day, therefore, we ask the indulgence of the subscribers and patrons in our feeble efforts toward filling the editor's chair. We wish to say for him that in our newspaper experience we have never known a more energetic newspaper man in Kentucky than Mr. E. C. Walton. He toils from the break of day till the shades of night and we are exceedingly glad to have him take the much-needed recreation he and his little daughter, Lucy Lee, are now enjoying.

One by one those who fought for the Lost Cause are crossing o'er the river and resting under the shade of the trees. In the death of Hon. Joseph McCalm, of Bedford, Kentucky loses an honest, upright and generous hearted man. We had the honor to be associated with him in the last General Assembly of Kentucky and we never came in contact with a more thorough gentleman nor a more careful and painstaking legislator. He was a lawyer by profession and a gallant Confederate soldier. Peace to his ashes.

THE Louisville Post, which flaunts the hateful lie at its masthead, "A Democratic Newspaper," is knocking the democratic ticket with all its little might. As the opposition of that subsidized organ is worth more than its support, the signs of Parker's election continue to multiply.

POLITICAL capital is being sought from the bolt of the Chicago Chronicle as if the peculiar personal feeling of that organ was an index to the political temper of the American people.

While the Chronicle announces its intention to support the republican party in the coming campaign it is neither calculated to do much good to the cause it espouses or injure the cause it has abandoned. As a matter of fact the Chronicle never enjoyed much of a political following and, like all other institutions, or individuals it has the most perfect right to chase a will o' the wisp of its own choosing.

JOSEPH PRICE INFIRMARY has closed its doors and the doctors and nurses are taking a much needed rest. It will be opened again Aug. 15th.

SIX or seven young bloodhounds by Millikin's champion dog, with 260 successful trials to his credit, for sale. M. S. Baughman, Stanford, Ky.

BURGLARS broke in Burn Bros.' store at Shelby City last night and stole about \$40 in money and a lot of merchandise. Bloodhounds are on the trail.

THE L. & N. will sell round-trip tickets to Cincinnati July 18, 19 and 20, limited to July 25, at \$4 15, on account of the meeting of the Grand Lodge of Elks.

FOR SALE.—I have a 2 1/2-horse power gasoline engine and a No. 12 Geneva cutting box, with 12 feet of carrier.

All in good condition. J. B. Camenisch.

ATTENTION, JUDGE TRIBBLE.—We invite your attention to the Vagrancy law passed by the recent Legislature defining vagrants and the punishment thereof. Stanford is infested with a lot of worthless and idle Negroes, who hang around the street corners and at the depot and use profane language and who never pretend to do a day's work. We hope that Marshal Jones will come to your rescue and enforce that stringent law. Put them to cleaning the streets, as they need it badly.

REDUCED rates on all railroads to the Crab Orchard fair July 27, 28, 29.

A rate of one fare plus 25 cents, for the round trip to the fair has been secured from Louisville, Winchester, Lancaster, Jellico, Middleboro, Richmond, Stanford, Corbin and all intermediate points. Passenger coaches will be attached to the local leaving Livingston every morning and arriving at Crab Orchard at 8:30. These coaches will be attached to a local which will be held at Crab Orchard each afternoon until the exhibition is over, running back to Livingston.

LASLEY.—Rev. L. M. Laeley, who has been in this county several days at the bedside of his aged mother, who lives near Parksville, was this morning telling of the fine prospects for young men in the mining regions of New Mexico. He said: "The new mining fields of New Mexico offer opportunities for small means, as well as those of more capital. Mines, not mining stocks, actual mines of great riches may be had for making the location; and many already located and proved-up may be had for a few hundred dollars. A little money, pluck and energy will accomplish more in a new mining field within the short space of three to five years than life in any other vocation." Mr. Lasley is the owner of the Golden Bell gold mine, and has grown rich within the past few years in New Mexico.

As the opposition of that subsidized organ is worth more than its support, the signs of Parker's election continue to multiply.

POLITICAL capital is being sought from the bolt of the Chicago Chronicle as if the peculiar personal feeling of that organ was an index to the political temper of the American people.

While the Chronicle announces its intention to support the republican party in the coming campaign it is neither calculated to do much good to the cause it espouses or injure the cause it has abandoned. As a matter of fact the Chronicle never enjoyed much of a political following and, like all other institutions, or individuals it has the most perfect right to chase a will o' the wisp of its own choosing.

One by one those who fought for the Lost Cause are crossing o'er the river and resting under the shade of the trees. In the death of Hon. Joseph McCalm, of Bedford, Kentucky loses an honest, upright and generous hearted man. We had the honor to be associated with him in the last General Assembly of Kentucky and we never came in contact with a more thorough gentleman nor a more careful and painstaking legislator. He was a lawyer by profession and a gallant Confederate soldier. Peace to his ashes.

THE Louisville Post, which flaunts the hateful lie at its masthead, "A Democratic Newspaper," is knocking the democratic ticket with all its little might.

At the proper hour refreshments were served in an elegant manner in the drawing room, which was decorated tastefully for the auspicious occasion. Miss Bessie T. Engleman presided at the clapping bowl. The Misses Engleman and her guests received the visitors in a most happy style. There were about 80 guests and it was a lawn party in every sense of the word.

NOTICE TO PUBLIC.

At home once more I want to say to my many friends and to the public that I have come to stay. I have bought the J. H. Carter mill in Stanford, Ky., known as the Farmer's Roller Mills. I did my first milling here in 1872 and I am here to stay. I will say to my friends and the public that I will do my own milling and will be at the mill at all times, day and night, to wait on you and will take pleasure in doing so. I will make custom work a specialty in the business. I will put the mill in first-class shape and will insure your first-class flour and meal for your grain and will also say to any one who wishes to deposit his wheat for his year's flour that we are now ready to receive it and are now as well prepared to take care of your grain as any mill in the State and will do it. We will be making meal by the first of next week, but will not be able to make flour for about two weeks. We invite one and all to come and get as good flour and meal as is made in Kentucky and all that is due you. I wish to say to the public and my friends generally that Mr. S. R. Walls is my partner in this business and is an honorable gentleman and we will treat you just and right in every respect. The style of the firm is D. V. Kennedy & Co., Stanford, Ky.

Respectfully yours,
D. V. KENNEDY & CO.

LIVER TROUBLES

"I find Thedford's Black-Draught a good medicine for liver disease. I cured my son after he had spent six months in bed, and he has never since taken it." MRS. CAROLINE MARTIN, Parkersburg, W. Va.

If your liver does not act regularly go to your druggist and secure a package of Thedford's Black-Draught and take a dose tonight. This great family medicine frees the constipated bowels, stirs up the torpid liver and causes a healthy secretion of bile.

Thedford's Black-Draught will cleanse the bowels of impurities and strengthen the kidneys. A torpid liver invites colds, biliousness, chills and fever and all manner of sickness and contagion. Weak kidneys result in Bright's disease which claims as many victims as consumption. A 25-cent package of Thedford's Black-Draught should always be kept in the house.

"I used Thedford's Black-Draught for liver and kidney complaints and found nothing to excel it." WILLIAM COFFMAN, Marion, Ill.

HON. HENRY G. DAVIS.

Ex-Senator Henry G. Davis, of West Virginia, who was chosen as democratic nominee for vice president, is an octogenarian, but so active has been his life, much of it spent in the open air, that he has the appearance of a man three score and ten. He was born a farm near Baltimore on November 16, 1823, and early lost his father, who left no fortune. Before he was 15 years of age young Davis was thrown absolutely upon his own resources, without a dollar to give him a lift. Before reaching his majority he was made superintendent of a small Virginia plantation, and there he began to develop the rare executive talent which afterward made him noted.

Later he became a freight brakeman on the Baltimore & Ohio railroad, and there he got his start. He saved money and when he saw an opportunity to buy 18,000 acres of land at a few cents an acre he took it over. These lands are now among the richest coal producing properties in the United States. Mr. Davis is a large stockholder and a director of the railroad on which he was a brakeman, and is president of another road, which he practically owns. This is the West Virginia Central, and while it was being built he superintended the entire work, so that the workmen said he knew every nail that was used.

Mr. Davis is many times a millionaire, but is personally modest and unostentatious. His home is at Elkins, W. Va., where his son-in-law, Stephen B. Elkins, a republican United States Senator, lives. Mr. Davis himself served in the Senate from 1871 to 1883, and might have had a re-election, but he declined it. His first entrance in politics was a member of the Virginia house of delegates in ante-bellum times, before there was any State of West Virginia. He afterward served two terms in the State Senate.

NOT A PATENT MEDICINE.

Hyomei, the Guaranteed Catarrh Cure, Prescribed by Physicians.

No one should confound Hyomei with patent medicines that are advertised to cure catarrh. It is as far superior to them all as the diamond is more valuable than cheap glass. Their composition is secret, but Hyomei gives its formula to all reputable physicians.

Is it not foolish to try and cure catarrh by swallowing tablets or liquids? The only natural way to cure this disease and all other diseases of the respiratory organs is to breathe Hyomei. This treatment has been so successful, curing 99 per cent. of all who have used it, that Hyomei is now sold by Penny under an absolute guarantee to refund the money if it does not cure. You run no risk whatever in buying Hyomei. If it did not possess unusual powers to cure, it could not be sold upon this plan.

To the Voters of the Fifth Appellate Court District of Kentucky.

I am a candidate for Judge of the Court of Appeals from this district, subject to the action of the democratic party. As circuit judge, it became my duty to try a number of criminal cases, which have become a part of the State's history and at a most critical time. As judge of the State fiscal court, it fell to my lot to construe the Statutes adopted, to put in force the provisions of the new constitution, as well as to construe the present constitution whenever a controversy arose as to its proper construction. Almost innumerable cases have burdened the dockets of my court, touching the rights of corporations and the exercise of franchises under the law. How well I have discharged my duties under such trying circumstances, is left to you to determine.

I will be very grateful to all who feel they can assist me to secure the high position and office to which I aspire.

Very respectfully,

JAMES E. CANTRILL.

Safeguard the Children.

Notwithstanding all that is done by boards of health and charitably inclined persons, the death rate among small children is very high during the hot weather of summer months in the large cities. There is not probably one case of bowel complaint in a hundred however, that could not be cured by the timely use of Chauberlain's Colic, Cholera and Diarrhoea Remedy. Mr. Frank Biggs, of Frankfort, N. Y., in speaking of this remedy said: "I have found it expedient to have a supply of Chamberlain's Colic, Cholera and Diarrhoea Remedy on hand. It has been a family safeguard and while especially beneficial to children, it is equally good in adult cases. I recommend it cheerfully and without reservation." For sale by all druggists.

Ex-Senator Henry G. Davis, owes his nomination to several causes. He is a sound money man, a man of great wealth and an employer. It was felt that in him were centered all necessary attributes. It is believed because of his relationship and his close affiliation with Senator Nathan B. Scott, he will carry West Virginia, for Democracy. Senator Davis is also the father-in-law of Senator Elkins.

Hugh Tom Miller and wife, of Barboursville, have small-pox.
